TELESCOPE

Dear Parent

Get ready to blast off into a world of wonders and discovery with the National Astronomy & Science Olympiad (NASO)! This incredible platform is designed for young students in class 2 to 10 to explore the thrilling worlds of science and astronomy. Not only will you have the chance to win awesome prizes, but you'll also participate in workshops, quizzes, and other innovative sessions hosted by some of the most respected experts in the field.

But NASO is more than just an olympiad - it's an opportunity to soar to new heights and realize your potential as a future astronomer. We go beyond the confines of the classroom and take you on a journey to unexplored fields of knowledge. You'll have the chance to meet legends in the field of space science, witness stunning planetarium shows, and gain invaluable insights and experience.

NASO opens the door to exciting new career options in space science, giving you a head start as you transition from school to higher studies. Our certification carries global recognition, as we are an official Space Tutor partner of ISRO and an accredited organization by STEM.ORG. So join us on this incredible journey of learning and exploration, and let your passion for astronomy take you to the stars and beyond!

The exam will be conducted in two levels.

Level - 1 : School Round

Level - 2 : National Round

**Entry Fee : INR 250/- per child**
